

PURSUING A STEM CAREER

An internationally known scientist and expert, Dr. Joanne Maki is on the front lines of a global fight against rabies. Join her as she shares her journey from the classroom to the workplace in a fulfilling STEM career. She will share advice for students interested in STEM careers.

MISSION

At Boehringer Ingelheim, we believe that people and animals are connected in deep and complex ways, and that when animals are healthy, humans are healthier, too. We make some of the most highly regarded and broadly used vaccines, parasite-control products and pharmaceuticals for livestock, horses and pets.
